### Annexure 3

### Proposals referred to EU Consultative Forum

The following demands from the EU together with the management responses have been referred to the EU Consultative Forum to be addressed:

Employee's Union	Management Response
<p><b>1. Personal Performance System</b></p> <ul style="list-style-type: none"> <li>• Consistent application of the PPS across the university with HR monitoring the consistency.</li> <li>• HR to be consistent with information given to line managers when placing staff in the categories.</li> <li>• December is not a good time to request line managers to decide on the CoE (excel sheet).</li> <li>• HR must <b>not use the midpoint of A</b> as a bench-mark. This gives the perception to line managers that this is where the placement should be. If a bench-mark is required in the excel sheet by HR then <b>top of A category</b> must be used. A short paragraph (motivation) by line manager as to why it needs not to be at the top of A will suffice.</li> <li>• Equitable payment and consistencies across the University especially regarding issues to be address timeously.</li> <li>• Performance rating must be objective.</li> <li>• Where a line manager has not followed due process e.g. by not conducting a performance assessment / signature of the staff member or any criteria required in the performance document will</li> </ul>	<p><b>It was agreed at the EU Consultative Forum to take this item off bargaining and move it to the consultative forum</b></p> <ul style="list-style-type: none"> <li>• Agreed in principle. HR to formulate guidelines for implementation in order to align to Union's requests. This would include training of all staff.</li> <li>• It is recommended that the process should be amended to allow for the submission of PPS documentation to HRA's in order for HR to report to DVC on non-compliance.</li> <li>• Agreed. Early implementation would require early settlement with the Union.</li> <li>• Agreed that midpoint of range will not be used as benchmark</li> <li>• The standard package should be used as the bench-mark.</li> <li>• There should be some flexibility around the standard package (60<sup>th</sup> percentile) with motivations for above the standard package.</li> <li>• Acknowledged that HR should develop a Job Evaluation policy which should cover these issues.</li> <li>• Clear processes and guidelines should assist with objectivity.</li> </ul>

<p>result in the staff member being rated at the top of A category.</p> <ul style="list-style-type: none"> <li>Short “test” of HR Advisors / Senior HR advisors understanding of the application of the revised performance system / categories. This should entail 4-5 HR scenarios where HR expertise, understanding and fairness of various policies including current University Policies and Labour Law are tested.</li> <li>HR to run workshops within Faculties to explain the process of PPS and the process of how salary increases are implemented. This to open to all staff but compulsory for any line manager.</li> <li>Punitive measures to be taken against Faculties and departments where the process has not been followed correctly.</li> <li>Include appeal process and the strict adherence to recommendation of the appeal tribunal by Faculty and Line Management.</li> <li>Ironing out of inconsistencies in faculties and departments</li> <li>Formally recognise “high achiever” with a lunch apart from the financial remuneration, as agreed in the 2010 substantive agreement.</li> </ul>	<ul style="list-style-type: none"> <li>Not supported. This does not align to the principles of the PPS system and would not encourage Line Managers to manage appropriately. It may also encourage staff not to sign their PPS forms. The current appeals process is designed to deal with these issues.</li> <li>Agreed. It is best practice for everyone involved to be trained and tested.</li> <li>Agreed that in principle all staff should be trained and that a guideline document will be sent to all line managers who will need to confirm that they have read it.</li> <li>Training, testing and reporting together with support from HR should ensure compliance and the appeals process should cover process irregularities.</li> <li>The EU to report back to appeals committee on any dissatisfaction with the process.</li> <li>This is detailed above in the training, testing, reporting and support recommendations.</li> <li>This would be dependent on voluntary attendance and applicable to staff who have performed at the Exceeds level for the last three performance cycles.</li> </ul>
<p><b>2. Collapsing of the Bands</b></p> <ul style="list-style-type: none"> <li>Examples of exceed criteria for pay class 11 and 12 taken directly from Academic and Scientific officers ad-hoc, this is not the case in PASS – Administration areas, re-wording and realignment to include those in administrative levels.</li> <li>Our understanding of the Exceeds 1 and Exceeds 2 in terms of percentage numbers is 10% and 5% respectively. Further that if one is awarded an Exceeds 1 and e.g. is given 70% then this is 60% standard package plus a bonus of 10%?</li> </ul> <p><i>RM</i></p>	<p><b>It was agreed at the EU Consultative Forum to take this item off bargaining and move it to the consultative forum</b></p> <ul style="list-style-type: none"> <li>Further examples to be provided.</li> <li>The Exceeds 1 bonus is up to 10% of the standard package and the Exceeds 2 bonus is up to 15% of the standard package.</li> </ul>

<ul style="list-style-type: none"> <li>Category A uses the occasionally and this needs some clarity. Also various job description will not fit the criteria in A such as e.g. Does not require direct supervision. Proactively consults with line manager on performance expectations.</li> <li>If one is placed in a low A category, one must still be able to be nominated for an Exceeds award.</li> <li>Nomination process in the Exceeds categories should be open and transparent within the department to remove the perception of "favouritism".</li> </ul>	<ul style="list-style-type: none"> <li>The inclusion of the word 'occasionally' is to illustrate that performance category 'A' includes the definitions from the previous performance bands of '4 meeting' and '5 meets and occasionally exceeds', which was one reason for settlement on the 60<sup>th</sup> percentile of the National All Jobs Market.</li> <li>The proposal is that you would need to be at the standard package (60<sup>th</sup> percentile) in order to qualify for an Exceeds award. If below the standard package it would need to be justifies for a particular reason.</li> <li>Management to consider ways of making this transparent but not breaching confidentiality.</li> </ul>
<p><b>3. Employment Equity Plan and Transformation Audit</b></p> <ul style="list-style-type: none"> <li>EU demands a copy of the Employment Equity Plan for each department revised bi-annually to be tabled at the Consultative meeting.</li> <li>Transformation of Faculty Boards across the University to include at least two PASS members.</li> <li>Bi-annually monitoring and evaluation of set target for Employment Equity.</li> </ul>	<p><b>It was agreed at the EU Consultative Forum to take this item off bargaining and move it to the consultative forum</b></p> <ul style="list-style-type: none"> <li>The Employment Equity Plan for the University is a public document.</li> <li>Current plans are at Faculty and not departmental level.</li> <li>It is recommended that the current status of Faculty Boards is looked at as many currently have PASS staff in attendance.</li> <li>This is not possible and the appointment of EE representatives should ensure compliance as staff are appointed.</li> </ul>
<p><b>4. Stress and Workload</b></p> <p>With the increase student numbers, Management must investigate ways to reduce stress and workload on PASS members. This must include at the very least temps, secondments and increased Wellness events. Greater communication to all staff with the current assistance programs available to staff e.g. EAP.</p> <ul style="list-style-type: none"> <li>Those staff members in high pressured areas or for operation reasons are unable to take leave that will be forfeited must have extension of</li> </ul>	<p><b>It was agreed at the EU Consultative Forum to take this item off bargaining and move it to the consultative forum</b></p> <ul style="list-style-type: none"> <li>Agree to promotion of current assistance programs and events to support management of stress and workload.</li> <li>It is possible for carry-over of leave to be approved if the reason for not taking it is linked to operational reasons so long as it is taken in the following year.</li> </ul>

<p><b>5. Succession Planning</b></p> <ul style="list-style-type: none"> <li>• PPS and skills development for staff members in the area who which to apply for the vacated post</li> <li>• Job shadowing must occur for any successful candidate. The period to be determined by the level of the position.</li> </ul>	<p><b>It was agreed at the EU Consultative Forum to take this item off bargaining and move it to the consultative forum</b></p> <ul style="list-style-type: none"> <li>• Agreed that this should be incorporated into the staff member's Personal Development Plan.</li> <li>• This is supported if operationally possible but may not be practical for all posts.</li> </ul>
